## **Opportunities for Businesses & Organizations**

Looking for ways to make an impact in your community?

**We are always looking for partners to better serve struggling youth and young adults by:**

- Partnering with organizations able to provide appropriate and effective services in which they specialize to expand opportunities for the individuals and families we serve.
- Support Launch programs by:
  - donate in-kind items directly or by organizing a collection.
  - providing individual and group volunteers for various opportunities.
  - financially sponsor events and programs (Adulting Game, Party in the Park, Retreat, etc.).
  - provide financial support through a promotion at your business.
  - creating a grant for education, housing, transportation, or medical costs for those we serve.
  - or some creative endeavor which highlights your organization's gifts to this community.
- Support your members or staff by:
  - inviting us to speak at an event or set-up a display (can be staffed) to provide awareness of our services. (Most young adults find us by referral from trusted friends or family members.)
  - encouraging them to attend our free community training events.
  - inviting us to lead a parent/guardian support seminar with our published curriculum.

## **What people are saying about Launch:**

No one has ever been on my side before. – *a number of Launch participants*

Launch has made a real difference in my life. I wouldn't be where I am now without them. –  
*Launch participant*

Launch has helped me be confident and taught me that even when I am struggling there are people out there I can go to, to ask for help and opinions. They are part of my life, and been there for my son's whole life. – *Launch participant*

I always seem to fall asleep. I feel safe here. – *multiple drop-in guests after waking up from naps on our couches*

I have been asking for help everywhere, but this is the first place that took the time to listen and figure something out. – *Launch participant*

Coming to Launch keeps me on track to reach my goals. – *multiple Launch participants*

Can I really have whatever I need? – *numerous first-time drop-in guests after being shown our stash of snacks, food, clothes, personal & household items*

Listening to their stories is so basic, and so needed. They need to know that someone cares about them. – *drop-in volunteer*

At first I wasn't sure if this was the place for me to volunteer. But even at 75, God had plans for me to learn something new and to make a difference. – *drop-in volunteer*
